

Wire EDM Extensions Clamp

53000

EW10

Wire EDM Clamp

Spec.: L80 x W22 x T8

Features :

- ▶ Suitable for using in WEDM machines.
- ▶ Adopting stainless steel with heat treatment, stable and distortion free.
- ▶ Based on the type of WEDM machines and workpiece applied, it can make various combinations.
- ▶ Material: SUS440
- ▶ Hardness: HRC50°~ 55°

53005

EW20

Wire EDM Clamp

Features :

- ▶ Suitable for using in WEDM machines.
- ▶ Adopting stainless steel with heat treatment, stable and distortion free.
- ▶ Based on the type of WEDM machines and workpiece applied, it can make various combinations.
- ▶ Material: SUS440
- ▶ Hardness: HRC50°~ 55°

Unit:mm

Order No.	Model	Spec.	Mark
53005-01	EW20-01	70x22x8	Ultra-thin
53005-02	EW20-02	70x22x12	Standard

53010

EW30

Wire EDM Clamp

Features :

- ▶ Suitable for using in WEDM machines.
- ▶ Adopting stainless steel with heat treatment, stable and distortion free.
- ▶ Based on the type of WEDM machines and workpiece applied, it can make various combinations.
- ▶ Material: SUS440
- ▶ Hardness: HRC50°~ 55°

Unit:mm
